Double Sided Combs - Long Combs

2 pieces

Inv. no. 18860/1

Wood

W: 6.9 cm, H: 18.2 cm

Long wooden comb with prominent rings-and-dots on one face, arranged in a quincunx, and smaller rings-and-dots in between. The reverse is plain.

Inv. no. 21618/1

Wood

W: 8.5 cm; H: 23 cm

Registered April 28, 1960

Long wooden comb in two reattached fragments. One face is decorated with a prominent central medallion formed of tightly-spaced rings-and-dots, with a large six-petalled star at the center and large rings-and-dots in the corners, all set within a central band delineated by incised marginal lines. The other face is decorated by large rings-and-dots, similarly set within a central band bordered by incised marginal lines.
